## Counsel for Wife Says Testimony There Will Show Subornation of Perjury and Bribery of Witnesses

### Baby Guy Wins Point

### Guardian Will Cross-Examine All Who Bring in Name of Fred Beauvais

Special Dispatch to The Tribune  
POUGHKEEPSIE, Feb. 10.—John F. Brennan, counsel for Mrs. Anna Ursula Stillman, in making a motion in the Supreme Court here today for the appointment of a Canadian commission to take testimony in the divorce action brought against her by her husband, said that the evidence which would be submitted to the commission would show subornation of perjury and the bribery of certain witnesses.

The motion was granted by Justice Macaulay, who set March 13 as the opening date of the hearing. Gerald Dunham, of the office of Cornelius W. Sullivan, appeared in opposition to the motion, but said he did not want to make any argument. He submitted two affidavits, in which he said the entire case was stated. One sets forth that in the six months since Mr. Stillman rested his case his wife "has presented the evidence to show her innocence."

John E. Mack, as guardian ad litem, and attorney for Baby Guy Stillman, said the court that he joined with Mr. Brennan in the application for the appointment of the commission. He expressed his intention of cross-examining witnesses who testify in regard to the actions of Mrs. Stillman and Fred Beauvais.

Justice Macaulay in granting the motion said he could not see the necessity for a delay as urged by Mr. Dunham, since he felt that the rights of

### Son of Former Envoy Shoots Self in Mexico

### Baltimore, Feb. 10.—Theodore Marburg Jr., son of the former Minister to Belgium, World War veteran and prominent socially, has shot himself in the head on his ranch in Mexico.

When the shooting occurred it was not known to his relatives or friends here. A telegram notifying the family of the occurrence merely stated what he had done and added that he was in a critical condition.

His wife, who formerly was Miss Harriet De Lamoignon, daughter of Mr. and Mrs. George Brown, whom he married January 3 last, is prostrated at the Marburg home.

The telegram to the family was filed at the State of Sonora, Mexico, by the Honorable W. Kibler, who with Mr. Marburg owns a ranch near that station.

On receipt of the telegram, the father, Theodore Marburg, left here on the first train for the South.

### Mabel Normand Leaves Hollywood for Pasadena; Prosecutor Keeps Letters

LOS ANGELES, Feb. 10.—While District Attorney Woolwine was waiting in vain today for Edward F. Sands, missing valet in the home of William Desmond Taylor, murdered screen director, to come and tell the police what he knew about the crime, the police were following up a new lead.

The wife of a taxicab driver had notified the authorities that her husband disappeared about the time of Taylor's death. The police went to the home of the missing chauffeur and found three bullets of the same calibre as the one that killed Taylor. They have not been able, however, to establish any connection between the taxicab driver and the crime.

District Attorney Woolwine and his advisers spent the seventeenth day of their search for the murderer in a conference that resulted in "nothing done."

Some hope was held out that Sands would show up in response to Woolwine's offer of immunity on a pending embezzlement charge, if the valet would help clear up the murder mystery. A letter signed "Sands" which the District Attorney made public yesterday, had offered such help in return for a promise of immunity.

District Attorney Woolwine never was sure that the Sands letter was genuine, but his answer yesterday was written on the strength of a hope that it might be.
